Tokenomics

SPEC token utility:

- . SPEC token is the official token of SpeCie LLC. Members and businesses will receive SPEC tokens and consultations on the fundamentals about Blockchain. In addition, They'll use SPEC to learn how to build passive income, private banking, and economic strategies to better their financial positioning.
- . Presentations and online meetings will be presented on strategic planning into building your own empire through financial literacy.

Token Distribution

- . Ten million SPEC was distributed to Block Cycle Labs. Extra SPEC tokens have been sent to Block Cycle Labs for token staking.
- . SPEC Token is currently paired with 10+ Tokens and Stablecoins.
- . Rewarding SPEC tokens at Blockcycle Labs and SPEC NFTs at JimCoin.app to earn passive income through NFT Staking
- . Only members will receive SPEC token airdrops.
- . Over 25 million SPEC has been circulating into the market.
- . 1,000,000 SPEC tokens have been burned in total by SpeCie LLC and Block Cycle Labs.
- . 20 million is reserved for businesses who want to collaborate with SPEC token.
